Anthrax in a 15 months old baby 901

Appel, B.: Hygromata (?) 549

Argyria; pigmentation, mercurial? 171
probably due to mild silver protein 584
silver arsphenamine argyria 520

Arsenic, chemotherapeutic studies concerning penetration of organic compounds of arsenic into cerebrospinal system. *1031
dermatitis 160
dermatitis exfoliativa (arsenic ?) 160
dermatitis exfoliativa (metallic) 1121
dermatitis herpetiformis with associated arsenical hyperpigmentation and hyperkeratosis 1102
dermatitis, ichthyosis and telangiectasis. 344
keratosis (arsenical); epithelioma (multiple) 1085
retention with Raynaud's disease cured by sodium thiosulphate 122
sensitization to arsenicals after 12 years. 943
treatment of syphilis, unusual reaction following 519
urinary elimination of 712

Arsphenamine, acute syphilitic nephritis benefited by neoarsphenamine 709
dermatitis 739, 900
dermatitis and jaundice 546
dermatitis medicamentosa (arsphenamine) 768
efficacy of sulpharsphenamine in Wassermann fast syphilis 713
exfoliative dermatitis keratosis following use of 909
fatal hepatogenic hypoglycemia following neoarsphenamine 512

Arsphenamine—Continued PAGE
hypersensitiveness in guinea-pigs; experiments demonstrating rôle of skin, both as originator and as site of hypersensitiveness *839
hypersensitiveness of skin to arsphenamine as determined by contact test; its relationship to arsphenamine dermatitis *237
